12. To add your Glog to Wikispaces you must first login into your wikispaces account. Next navigate to the page you wish to add your glog to and click Edit.

Next click the Widget Button located in the middle of the toolbar. It looks like a TV screen.

Click on the Poster link at the bottom of the navigation bar located on the left.

Glogster logo will appear in the window. Click it, then you will have to log in if you haven't already done so.

Select the Glog you wish to upload/add to your wiki. You also have the option of viewing the glog first. Once selected, click Insert Glog.

You will then see this widget has been added to your wiki. You can add text above the widget or below if you wish. You will need to click Save on the menu bar. Once it has been saved, you will be able to view the Glog.
